

Everything you need to get the job done

Prevent failure & secure production

Save time, everything you need in 1 kit

Get the right parts & the OEM quality

Always receive the latest updated part design

Machine Preventive Maintenance Kit

Machine consumables kits* include all the consumable parts to cover a **1-year maintenance** cycle as specified in Husky's machine maintenance manual.

E.g. The consumables kit for HyPET HPP5 machine typically includes the following:

- Coalescing filter and silencer for the oil recovery unit
- Vacuum silencers
- Pressure filter element
- Air regulator filter elements
- Hydraulic tank breather cap
- Oil retrieval filter element
- Vacuum pump inlet air filter

Machine grease kits* include all the greases and oils** required to lubricate your machine and robot during **1 year**. The grease selection of this kit has been optimized to reduce the risk of mixing greases by using multipurpose and high performance lubricants.

The kit typically includes :

- Grease for all linear bearings and dynamic joints: Multipurpose, high performance, food graded grease cartridge
- Electrical motor grease
- Gearbox oil (if machine equipped)
- Vacuum pump oil or grease (if machine equipped)

Additional parts recommended to replace **annually**:

- Linkage bushings (HyPET and GPET machines only)

Additional parts to replace **every 3 years**:

- Hoses (hydraulic and pneumatic)

Additional parts to replace **every 4 years**:

- Uninterruptable Power Supply (UPS) Battery

* Available for all machine types (except E-Line, D-Line, Quadloc, ISB, HyMET, LX, SX and Index machines)

**System hydraulic oil and mold grease are excluded.

Benefits of a Preventive Maintenance Kit

- Replacing consumables elements on regular basis is an important maintenance practice to maximize your machine performance and availability.
- Husky customizes each package to meet the needs of maintenance of every specific machines.
- The consumables and lubricants included into machine preventive maintenance kits have all been tested and certified by Husky development engineering.
- Optimize your inventory with Husky certified preventive maintenance kits.
